Use the clues to find which row of candy belongs to each child. Draw a line to match each child with his or her candy.

Deb has 2 green and 3 red.

Megan has one more than Deb.

Tim has 3 less than Megan.

Circle the correct shape.

1. If  had 1 more side what could it look like?

2. If  had 1 more side what could it look like?

3. If  had 1 more side what could it look like?
