## 20. A for Ama

Ama is starting to panic. She wants all As in geography, and the semesters paper on Kenya is almost due! Born in America, Ama knows little about her ancestors' homeland; she appeals to Cousin Jomo, which is very familiar with the Kenyan territory. When she asks, "Kenya help me?," he gives her the following information:

- Many Kenyans speak the swahili language.
- The Prime Meridian divides Kenya so that it lies in both the Northern and Southern Hemispheres.
- Tourist attractions both include the sandy beaches of the coast and the inland animal reserves.
- On the exotic safaris, of whom we hear so much, hunters are allowed to shoot only with cameras.

Jomo hopes he has been of assistance.

How else can he help her.

"What I really want to know is how it feels to be in Kenya?" Ama says dreamily. "I'm sure the morning sun is gorgeous as it rises over the South Atlantic Ocean!"

In order to complete her assignment, Ama is gathering information about the African country of Kenya.

"Well, if I was you," Jomo says, "I'd go along with Aunt Jessie when she visits our relatives this month."

"I'd love to." says Ama, waking up to reality, "but in geography, I want to get an A for 'awesome;' if I were in Kenya, I'd get an F for 'far away.'"
